

BO FETHE

DATA SCIENTIST | TAMPA, FL

STATEMENT

I am passionate about solving geoanalytical problems and building interactive visual tools for data-driven solutions. I have worked with GIS since 2013 in multiple sectors using ArcGIS Pro and other ESRI products as well as open-source software and programming languages. Additionally, I am the systems administrator of the Tampa Bay GIS Users Group and a member of the Tampa Devs. An example of the work I have provided can be found on my GitHub [here](#).
